

Media Production

***TAB MEDIA PRODUCTION** (The wedding films) are professionals with 15 years of experience in this Photography industry. Imagine how one can survive in a profession, if he is not good at quality or if he is charging more than the competitors. We Wedding Photographers believe in complete transparency in our tariff and client relationships. You are explained about the details, costing and the products you get for the money you are paying. We very well understand the hardships of parents and hence we have designed the packages, from their point of view, to suit every budget. But still, wedding is a onetime event in every person's life and only photographs and video film will be left for you to cherish the most important day... to make it easier for you to understand, we have given designed packages in boxes below, to meet your requirements....*
